

# Zerust® ICT™ 510-C Multimetal Film

**TECHNOLOGY THAT PROTECTS METAL FROM CORROSION**

## FEATURES

- Proven corrosion protection
- Easy-to-use
- Non-toxic
- Recyclable

## BENEFITS

- Reduce corrosion incidences
- Improve shipment yield rates
- Keep parts clean and dirt-free
- Save money & resources
- Comes with Zerust® global on-site support

By preserving your metal parts during storage and shipment, Zerust® ICT™ 510-C Multimetal Film will help you reduce the need for inspection, rework, scrapping and excess inventory—saving you and your company significant money and resources.

## PRODUCT INFORMATION

Zerust® ICT™ 510-C Multimetal Film is an easy-to-use packaging film that contains our proven Zerust® ICT™ corrosion inhibiting technology. Zerust® ICT™ 510-C Multimetal Film is cost-effective and versatile protection against corrosion damage for parts that contain combinations of ferrous and non-ferrous metals in typical shipping and storage conditions. Use Zerust® ICT™ 510-C Multimetal Film to protect electronic equipment & components, machinery, automotive CKD components, and any other part composed of multiple metal types. Zerust® ICT™ 510-C Multimetal Film is one of the most widely used Zerust® packaging products and has proven its performance with thousands of customers worldwide for over 20 years.

Zerust® ICT™ 510-C Multimetal Film is also known as Zerust® multimetal polyethylene film and bags, which our customers have been purchasing for years, just with a new name. The “ICT™” or “Integrated Corrosion Technologies™” name better allows us to differentiate Zerust® from generic “VCI” products that contain less desirable chemicals and poorer performing technologies.

### APPLICATION EXAMPLES

ZERUST® ICT™ 510-C MULTIMETAL GREEN FILM USED TO PROTECT STAMPED AUTOMOTIVE COMPONENTS DURING OCEAN SHIPMENT.

ZERUST® ICT™ 510-C MULTIMETAL GREEN FILM USED TO PROTECT AN ENTIRE MACHINE DURING INTERNATIONAL SHIPMENT IN CZECH REPUBLIC.

## APPLICATION TYPE

## CORROSION PROTECTION FOR:

# ORDERING INFORMATION

## ■ CONFIGURATIONS

Bags (flat & gusset), tubing, sheeting

## ■ SIZE RANGE (WIDTH)

Bags & tubing:

2" - 125" (flat)

2" - 150" (gusset)

Sheeting: 2" - 26'

## ■ THICKNESS

1-8 mil

## ■ COLOR

Green is the standard color for Zerust® ICT™510-C Multimetal Film. Other colors available upon request.

## ■ PROTECTION TYPE

Multimetal corrosion protection capability.

## ■ PROTECTION LIFE

Will protect metals for up to 5 years if properly packed and stored.

## ■ SHELF LIFE

Shelf life of 2 years if stored at 85° F or less, out of direct sunlight and in original packaging.
